Who We Are

Danver manufactures a semi-custom cabinet line crafted entirely from stainless steel. For over 20 years, we have become the industry leader in bringing color, style, design and function from the indoors to the outdoors.

With dozens of styles in hundreds of sizes, as well as a multitude of powder coat finishes, any design is possible.

Combined, our in-house designers have decades of experience designing outdoor living spaces – and they are happy to be your personal resource.

A Message from the President

As the industry leader in stainless steel outdoor kitchen cabinetry, Denver Stainless Outdoor Kitchens keeps a constant pulse on the industry and ever-changing landscape of the spaces we call home. This keeps us at the forefront of enduring design with unparalleled durability.

Demand for outdoor living spaces across the country has never been higher, and the lines between indoor and outdoor spaces continue to blur. The result: a shift in lifestyle as the heart of the home grows to include the great outdoors.

MITCH SLATER
PRESIDENT AND OWNER DANVER

Why Denver

20+ year history

30" cabinet box with leveling leg options

ADA cabinetry available

How It's Made

Outdoor living is about more than just personal style and atmosphere; it's also about function and longevity. Danver Stainless Outdoor Kitchens are designed and engineered for outdoor kitchens regardless of geography, climate or weather conditions.

Door Styles

Danver Stainless Outdoor Kitchens puts style and function first. Our exclusive stainless steel door styles and drawer fronts provide strength and durability while ensuring function and beauty are never compromised.

HAMPTON

Our standard solid slab door style.

RIO

A flat one piece door frame that is prepped for a glass, wood grain or stainless steel panel insert (not included).

KEY WEST

A shaker-style door.

FROST

A frosted glass center panel, available in your choice of colors from the Danver palette.

SEA GLASS

A frosted glass center panel representing the look of sea glass.

SEA GLASS COLOR OPTIONS

SKY BLUE

CLOUD WHITE

SEAFOAM GREEN

Powder Coat Finishes

Over 85% of our projects are delivered with powder coat finishes. In addition to enhancing the beauty of the cabinetry, powder coating reduces the maintenance required.

Danver offers an array of standard colors and realistic wood grain finishes plus the option of special-order colors.

Disclaimer: Due to the differences in powder coat paint batches, subtle variations in color may occur when ordering door replacements or additional cabinetry after the initial purchase. Although we consider these variances to be minimal, there is no way to assure an exact color match.

Paper & ink limitations of color samples as well as influence from heat & light may account for differences in actual color.

Beyond the Cabinets

Danver cabinets accommodate all outdoor cooking and entertaining appliances. For the convenience of one-stop shopping, Danver distributes a selection of high-end appliance brands for your outdoor cooking needs.

We can provide ventilation hoods for your transition rooms and help you select hardware.

"California Rooms" are becoming a standard in outdoor living throughout the country

Builders

Since our inception, Danver has been helping builders to bring cabinet-based outdoor kitchens to production and custom homes worldwide. Whether you are a production, custom or spec home builder, a design/build firm or a multi-family developer, we have a program designed to help you sell more outdoor amenity packages.

Builders can buy direct or through a local dealer

Aggressive model home and design center program

Custom pricing for builders

Multi-Family

Danver engineered products exclusively for commercial applications including multi-family, senior living, educational, commercial or hospitality projects.

When your challenge is an outdoor amenity space, the design team at Danver has the expertise to help you bring it to life.

Post & Panel System

A robust solution designed for multi-family common areas.

Attractiveness and aesthetics

100% stainless steel for durability and longevity

No unnecessary storage space

Extended workspaces

Powder coated finishes

Easy to clean

Strength to support countertops

Replaceable panels with the countertop in place

Shipped flat

Easy installation

Cost effective

ADA-compliant

Unmatched beauty and
durability create functional
common area islands

The durability of stainless steel
with the look of real wood
without the maintenance

Color, style and design
combine to create the perfect
outdoor kitchen

Design

Visit www.Danver.com for cabinet and production details, as well as a variety of design tools including a Microsoft Word®-based layout program, and libraries of our cabinets on 2020, ARCAT, REVIT, SketchUp, BIMobjects and other professional design programs.
