“

Color is light and brings projects to life.

Unlock your imagination and discover our new curated color palette filled with warm, vivid yellows and reds. Explore our rich olives, browns and exuberant greens. Our family of blues is soothing and bright. Our wood finishes offer a wide range of colors, from deep walnuts to white washed woods. Finally, adding depth and texture, our metallics wrap the color story.

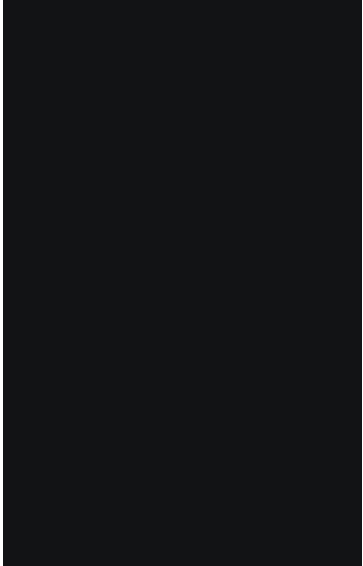

Mix and match and see where color will take you.

A photograph of a field of pink poppies. The flowers are in various stages of bloom, with some fully open and others as buds. The background is a soft-focus field of more poppies, creating a bokeh effect. A semi-transparent grey rectangular box is positioned on the right side of the image, containing the word "ESSENTIALS" in white, uppercase, sans-serif font.
